user1 believe Republicans are much more hypocritical user1 Hey! What's up? user2 hey, how's it goin? user1 Hey how are you today? user2 I'm good. thanks for asking. so what do you think? user1 It's going good. I'm enjoying the spring whether here. user2 I think that summer is gonna bust out soon! user2 good. I think republicans are more hypocritical. They want America to go back to what it was like when it was founded but it wasn't founded on the ideas of excluding others, being extremist, hating other people, and no democracy user1 You still there? user2 yes user1 I'd like to know where you're at and what the weather is like there? user2 I don't think that's the point of this HIT. I think they are also so hypocritical because they say all news that is not in favor of their point of view is fake news user1 I guess everything is okiedokie there? user2 while the republican news channels ACTUALLY are fake and skewed and don't show unbiased news user1 Do you always use emoji's? user2 I seee! I usually don't use them! user2 ok... user1 Tell me something I don't know about you! user2 I see! I guess I'll just be talking to myself then! user2 Republicans preach hypocrisy in almost everything they do user1 Whoa --- I didn't expect that out of the blue! user2 They say they're not racist, but a lot of them are neo-nazis. They think America is better than every other country, when they make this country worse user1 I'm just trying to do this HIT, dude user1 Why are you so against the republicans? user2 I'm not against them. My grandma is a republican and she's my favorite person ever. I am against what they preach user1 I don't think that they are capable of being unbiased or putting themselves in the shoes of others user1 Well = I suppose there are good republicans - and bad republicans just like in the democractic party! user2 I think that they are xenophobic, sexist, and don't promote freedom user1 their views on gay marriage and abortion are so messed up user1 I really don;t want to label everyone with a board brush! user2
